After Tremendous Success & Delivery  
Of Union Greens Ph - I (College Road, LHR)

# ACCELERATED DEVELOPMENT EARLY DELIVERY

After the tremendous success and delivery of Union Greens Phase – I, College Road Lahore, at the record-setting pace of 1 year, Union Developers is pleased to announce the next chapter in the history of delivery, UNION GREENS PHASE – II, Pine Avenue Lahore.

Located within the city, amidst densely populated residential societies, with proximity of Lahore Ring Road Khayaban-e-Amin Bypass, lies this eloquently and aesthetically designed abode. The luxury of its location is increased with societies like DHA Rahbar and Fazaia Housing Society. It is minutes away from Shanu Baba Roundabout and several educational and health institutes. The project has kicked off with the traditional fast-track pace which is the trademark of its developers and is destined to be delivered within 1 year as well like its predecessor.

It is a mixed-use gated community of designated residential area, commercial hub, 'Greenway linear park' & public buildings reserved for international standard school and Jamia Masjid. It also has an integrated walkable neighborhood of an eco-friendly landscape, that promotes a healthy lifestyle.
